# SPRING FORWARD WITH RCC

With spring in the air, I would like to wish all our members, guests, and families a very Happy Easter. We hope the season brings everyone time to enjoy family, friends, and the traditions that make this time of year special.

As we move into the season, you will continue to see our focus on improving experience, teamwork and supporting one another. I also want to thank all our members who took the time to come out and meet with me and our team. I left that evening with a great feeling about where we are and where we are headed, and I truly appreciate the thoughtful conversations and support.

April also means events returning to the calendar, leagues getting underway, and new menus rolling out! New dining menus will be available April 14<sup>th</sup>. I am excited about the energy that this time of year brings and look forward to seeing the club busy and active.

As always, I appreciate the conversations and the feedback as we continue working to move RCC forward together. Thank you for being part of the club community and for the support you continue to show.

Kindly,

**Mark Rose**

## **TUESDAY NIGHT SCRAMBLES ARE BACK!**

If you missed the email from the Pro Shop regarding the start date of the Tuesday Night Scrambles, you can all mark your calendars for Tuesday, April 21<sup>st</sup> as the start of the Tuesday Scramble Season! New for 2026 will be the ability for ALL Scramble participants to have a credit card on file and open a house account to pre-pay for the Scramble and save \$5 every week. Simply contact Owen or Dave in the Pro Shop and either one will help you get your account set up.

You can use your house account to pay for the Scramble, range balls, golf merchandise or anything else in the Pro Shop. You can use the very same account in Jack's on the Green after the Scramble to enjoy extended Happy Hour pricing every Tuesday Night!

Also new for 2026 will be the addition of large screen GPS units on our fleet of golf carts. You'll no longer need to steady your hand with a range finder or wonder about the accuracy of your phones GPS in relation to the green. Our new state-of-the-art PACE brand GPS units will help with exactly that, PACE of play! Thanks to the efforts of Chuck Gulati combined with the buying power of Troon, we'll be installing these full-service units sometime later this Spring to better serve you, our valued members and guests.

As usual, if you have any questions you can call the pro shop at 610-779-1626 or email me directly: [dmilore@readingcountryclub.com](mailto:dmilore@readingcountryclub.com).

# COURSE UPDATES

We have entered April and the race is on. It's time for first cuts, Bunker edging, fresh bunker sand, and many more tasks as we transition into the golf season. All this while trying to clean up the course and waiting for the tens of thousands of pine cones that for some reason have yet to drop to be released. April is usually the busiest month of the year for the grounds staff and this year is no different.

My goal throughout my career has always been to finish all off-season work by Mother's Day at which time we transition into regular maintenance. Regarding the new tees on holes 3 and 13, we will be opening them within the next couple of weeks, ideally during Masters week. Of course this is weather dependent just like everything else we do. Additionally, the current plan is to aerify the greens from April 20th to the 22nd.

Enjoy the season and we hope to see you soon.

# LIVING HISTORY

COMBINING A GRACIOUS PAST AND GOLDEN AGE GOLF COURSE DESIGN WITH MODERN AMENITIES AND CONVENIENCES MAKES **READING COUNTRY CLUB** TRULY UNIQUE.

**Reading Country Club**, a daily-fee facility in Reading, Pa., recently named Troon Golf to manage golf operations, agronomy, food and beverage, and sales and marketing.

Chartered in 1922 and opened in 1923, Reading Country Club's 18-hole, par-70 golf course was designed by Alexander Findlay. The 6,120-yard layout delivers a thrilling blend of playability and challenge, inviting golfers to test their game on a course that rewards strategy and precision.

Reading Country Club has hosted golf royalty over its illustrious 103-year history, including Walter Hagen, Byron Nelson, Sam Snead, Ben Hogan, and LPGA legend Betsy King. Nelson, in fact, served as the club's head professional from 1937 to 1939 and famously won the 1937 Masters and 1939 U.S. Open while representing Reading Country Club.

The Club's original stone building (the Bishop House) dates back to 1761 and once included a French and Indian War-era fort. After a fire destroyed the early clubhouse wing in 1930, a new Tudor Revival-style clubhouse was completed in 1931, designed by local architect and club champion Harry Maurer. In 2018, the clubhouse and golf course were added to the National Register of Historic Places, solidifying the club's national significance.

Reading Country Club has multiple dining and event venues for the public to enjoy, including scratch kitchen dishes served at Jack's on the Green, craft cocktails and golf simulator fun in the Fairway Lounge, private dining in the

exclusive 1923 Room, and fresh bites and cold beverages at Mulligan's Café.

In 2024, Charles, David, and Michael Gulati purchased Reading Country Club from Exeter Township. The Gulati family has since funded and led an extensive renovation effort focused on modernizing the property, while still honoring its historic charm. The clubhouse is now one of Berks County's premier wedding and event venues.

"Our family's decision to partner with Troon was driven by a shared vision for what Reading Country Club can become. We've made tremendous progress restoring this historic property and honoring its legacy, but we also recognize the opportunity to

elevate it even further. Troon's expertise, resources, and commitment to excellence will help us enhance course conditions, strengthen the guest experience, and ensure the club's continued growth and success," said Reading Country Club co-owner Charles Gulati. ■
