GolfNews

You may have already heard the exciting news, but if not, here it is again...RCC now has GPS! The absolute best system on the market, PACE GPS, has been installed on all 70 golf carts and we are now currently programming and mapping for full functionality. Even during the ramping up stages, the carts will give you accurate yardages to the center of the green as well as show your place on the hole. If you ever wondered what the best GPS System in the world looks like, play a few rounds at RCC and you can see for yourself!

As fun and exciting as the GPS System is, what's even more fun is golf itself! And as most of you know, our Scramble season is now underway. With aeration almost completely behind us (along with these crazy spring temperature swings) I expect the scores to get lower and the fields to fill up quickly. Everyone is welcome to play and its as easy as calling the Pro Shop at 610-779-1626 or emailing me directly to dmilore@readingcountryclub.com and if there's room, I'll get you in. We can open up a house account over the phone and you're all set. Registration is open...I'll see you all every Tuesday Night!

COURSE UPDATES

As you are reading this article, the greens are well on their way to healing from aeration. This time we did something a bit differently than in the past. We chose to go with a much smaller coring tine, thus the healing is a bit quicker, which is a positive for everyone. We will likely be using a larger tine when we core the greens in September. In between now and then we will be using small solid tines to assist with drainage and gaseous exchange.

Next we will be addressing some issues on tees and fairways, but for the most part, the course is coming around nicely from the work done last fall. Once temperatures and growth rates become more consistent we should be in pretty good shape.

You will soon notice a good bit of tree work being performed on holes 2 and 3. There are two goals we are trying to address with this work: #1: We are going to move the fairway away from 422 in an attempt to keep more balls in bounds, and #2: We need to create better air flow around 2 green and 3 tee in order to decrease the severity of that particular micro-climate. This will create a better growing environment for both areas.

Thanks for all the great comments!

The LONG DRIVE

MEET THE LONG DRIVE

A crisp, refreshing martini crafted to go the distance. Tito's Vodka is shaken with muddled fresh blueberries and fragrant basil, then balanced with bright lemon juice, a touch of simple syrup, and finished with white cranberry juice. Light, vibrant, and perfectly refreshing, it's the ideal cocktail to enjoy after a round or while relaxing with the doors open in our Betsy King room this spring!

HONEY LIME GRILLED CHICKEN

A fresh standout on our new spring menu, the Honey Lime Grilled Chicken is already becoming a guest favorite.

This bright, citrus-kissed dish pairs perfectly grilled chicken with roasted fingerling potatoes and crisp green beans for a light yet satisfying, gluten-free option, available for \$26.
